JOIN OUR PATIENT PARTICIPATION GROUP (PPG)

The Patient Participation Group (PPG) gives patients the opportunity to have their say in the way that local health services are delivered and to help suggest important changes to benefit their practice.

PPG work by building a relationship between the practice and patients that break down barriers to communication and promotes the sharing of information. Patient surveys tell us about the care patients are receiving and other aspects of how we are performing and help us to provide an accessible and responsive service.

Our aim is to make sure that the group is as fair a representation of our entire patient population as we can achieve. We are keen to have a wide diversity of patients.

We would like to hear from those with long term health conditions, carers, employed, unemployed, those with learning disabilities, all age groups, and ethnic minorities.

Join your **Patient Participation Group**

PPGs represent patients and provide feedback on GP practices, helping to drive change

We understand that many patients are unable to attend meetings due to other commitments but may want to have a say in what we do and so we contact members by post or email.

If you would like to apply to join the PPG. Please complete the form overleaf and hand in to our reception team.
